

Keeping Loved Ones Safe Starts In The Kitchen

Home cooking fires often happen during the holidays. If you cook a lot on holidays, follow these tips to keep your home and loved ones safe:

- ☐ Stay in the kitchen if you are cooking with high heat or open flames, like frying.
- ☐ Stay near the kitchen when you are cooking in the oven. Check the food often.
- ☐ Never use water to put out grease fires.
- ☐ Keep an eye on what you fry. Stay in the kitchen when you are cooking on the stove.
